

PSHE

We will establish and develop our shared Class rules. This term we focus on developing good relationships, respecting the differences between people. We will continue to develop skills linked to recognising our feelings and emotions through regular circle times and discussion opportunities.

RE

Our theme this term is 'Myself' Work in this unit will enable children to both think about what is important to them and what is important in religion. It will introduce children to special people, objects, stories, places, music, celebration

Computing

Children will have opportunities to develop and support their learning through use of Ipad activities and the Interactive Whiteboard. Key to our learning this term is E Safety.

We will be focussing on simple instructions and using instructions to

Music As musicians we will follow the Charanga scheme and engage in music making, appraising and performing. We will have opportunities to perform to an audience at Harvest and Christmas

Learning Challenge Curriculum

Dear Parents and Year 1.

As historians we will be answering our big learning question...

What has changed since our Grandparents were young?

We will identify differences between old and new

As Scientists we will be answering our big learning questions...

What materials should Percy use to build a shelter?

We will investigate properties of everyday materials and find out which are waterproof.

What happens in the park during the four seasons?

Art As artists ...

We will use a variety of materials and processes both indoors and out to create 2D and 3D art. Children will learn to evaluate own work as well as exploring the work of artists. They will record and explore ideas from first hand observation, experience and imagination. Art will be based

Design and Technology

As designers we will be designing and creating pop up mechanisms.

In outdoor learning we will design and build dens and shelters

PE

Children will be learning to move confidently and creatively with control and coordination in large and small movements as well as safely negotiating space both indoors and outdoors. There will be opportunities to practice a range of movements with control demonstrating balance & coordination as well as engaging in ball skills. There will be opportunities to

English

As authors our writing will be inspired by our cross curricular learning linked to Percy the Park Keeper and friends.

The focus for our writing this term will be linked to specific literacy teaching sequences (Knock Knock Open the Door and Boa's Bad Birthday) as well as developing skills in grammar and punctuation in our 'punctuation pathway' activities.

As readers we will explore stories and non-fiction books linked to our themes. We will use these to give us ideas for our writing.

Teaching in Phonics links closely to 'Letters and Sounds' and relates to our work in spelling and guided reading.

Maths As mathematicians we will focus on number within 20. Opportunities will be built in to identify and represent numbers using objects and pictorial representations including the number line.

In cross curricular Maths activities we will measure, compare, describe and solve practical problems for lengths and heights in den building technology. We will explore mathematical language and engage in practical activities to deepen understanding. We will recognise and use language relating to seasons, including days of the week, weeks, months and years.

Children will represent and use number bonds and related subtraction facts. They will work towards solving one-step problems that involve addition and subtraction, using objects and pictorial representations, recording where appropriate. We will learn about 2D and 3D shape.

In all areas we will be working towards developing
