

Week Beginning 19th April 2021

We hope you had an enjoyable Easter break.

We welcome five new children that will join this summer term.

Towards the end of last term children initiated play pretending to be dogs and cats. Following their interest, we will start this term with our roleplay area representing a veterinary practice.

We will be talking about our own pets and how we care for them. If you have any photographs that children can share with us, it will provide the opportunity to develop their Communication & Language skills and also Knowledge & Understanding of the World.

As the weather improves and children are inclined to remove coats/jumpers whilst playing outside, please apply long lasting sun protection prior to attending pre-school.

We need to continue with government recommendations to help to keep us all safe. When dropping off and collecting, please maintain a 2 metre distance to others and use the one way system around the railings. Also, please wear a face mask when entering the cloakroom to support children to organise themselves. We will then ensure that they wash their hands and settle to play and learn. Thank you.
