

## Week Beginning 1<sup>st</sup> November 2021

We hope that you enjoyed the half term break. If the children have managed to find any autumn items and fill in their sheets we would love to see them.

Welcome to the new children joining us this week.

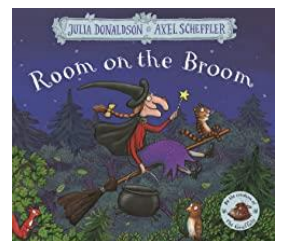

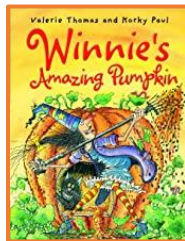

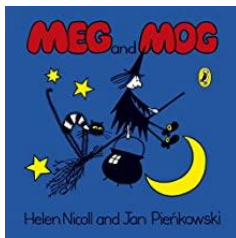

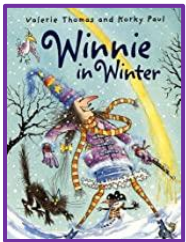

We will endeavour to settle them swiftly and hope that they enjoy our setting.

We will take a light hearted look at Halloween by reading some funny stories about

Winnie the Witch and her long suffering cat Wilber. Some children may wish to share with us their own experiences around this festivity.

We will also be having fun and games with a big spider web and some spooky puzzles.

Children can experiment with light and dark they will have a dark tent to investigate with torches and colour screens.

Towards the end of the week the children will be creating art work to capture images of fireworks and listening to classical music that supports their imagination to develop movement and dance.

Our roleplay area has been transformed in to a garage for our apprentice mechanics that will soon be able to complete MOT's and a service.

What a busy week!
