

Week Beginning 29th November 2021

We start this week looking at colour how it makes us feel. The children will have the opportunity to mix colours and experiment to create different shades.

We will be looking at numbers, shapes and patterns as well as construction with Lego for building to engage creative little minds.

We have started a teeth cleaning routine.

The children have been very positive and are enjoying the process.

As Wednesday is the first day of December we will start to decorate and prepare for Christmas, we shall create a nativity display board, our Christmas home and start the countdown of sleeps until Christmas. Ho, ho ho!

We would like to hold a little Christmas event at 4.00 on Wednesday 15th December at Saplings. This will be outdoors and we ask that you wear masks and keep to social distancing. The children will be under our canopy with adults around the fence. Of course, this could alter according to any change to restrictions.

It will be a performance of our Christmas songs with no restrictions of choice of dressing up!
