

## Week Beginning 28<sup>th</sup> March 2022

Our theatre stage is very popular, we have some real talent amongst our children including some rock stars!

We had a lot to get through last week so we will be continuing with the tasting activity.

This week we will start to make Easter Cards and start to decorate the pre-school for Easter.

For children that are leaving us in July and are becoming interested in writing their names, we are supporting them at pre-school.

We will put some formation sheets in their tray to take home for continuity of their learning.

It is important for children to start writing correctly, using the right direction, with a mature pencil grip as it supports their control.

We are looking forward to Parent Play sessions next week.
