

## Week Beginning 7<sup>th</sup> March 2022

The children brought in some great books for us to read last week. If they did not get the opportunity do bring them in this week.

The children are going to explore our senses starting this week with hearing and touch.

We have got some feeling boxes to identify objects and their texture. We shall have some different musical instruments for example a didgeridoo, a large djembe, boom whackers and recorders. Children will be able to create their own instruments.

If we have a musical parent that would like to demonstrate an instrument we would love to hear you.

Although it may seem a long way off, it would be very helpful for our planning to know what sessions you would like for children that will still be with us in September. We are about to allocate places to children on our waiting list that are due to start in September. Thank you.

We have a useful link that explains the different funding entitlements.

## Parent Play Week 4<sup>th</sup> – 8<sup>th</sup> April 2022

We are planning another parent play week to provide an opportunity for you to have an insight into a session at our pre-school.

We invite you to join us for one of our sessions which may include the park or allotments for a morning 9am – 12pm or afternoon 1.30pm – 3.00pm. You are welcome to stay for as long or as little as you can manage but unfortunately, we will not be able to accommodate toddler siblings.

We need to have a limit of 4 adults per session. Our normal staffing ratio will apply at all times. Parents will not be responsible for the children.

We have to ask that if mobile phones or cameras are in your possession they must be left in the office. It is essential that you play and join in with activities!

If you are able to join us there is a sign-up sheet available

when you collect your children.

We are looking forward to a fun week.
