

Week Beginning 25th April 2022

We hope that you had an enjoyable Easter break and welcome you all back to the Summer Term.

We shall start this term with our role play area transformed in to a 'Vets for Poorly Pets'

Last term children showed great interest in different pets and little creatures. We have ordered some caterpillars and very much hope that they will be delivered this week.

We shall be caring for the caterpillars and over the following weeks observe their transformation to gain understand their life cycle.

This week we shall take a close look at some spring flowers and encourage the children in creating some still life artwork.

We had a delay in receiving the Book Trust pack, these will start to be given out this week to the children that are eligible at this time.

We are looking forward to the children that will be joining our Wednesday afternoon session. If they are not with us for the morning session please meet us at the front of school at 1.15.

We have been informed by UK Health Security Agency South West to a recent increase in chicken Pox and Scarlet Fever. Please look for signs and symptoms. The NHS website is recommended.
